

The Herald and News.

E. H. AULL, EDITOR.

Senator Tillman is to speak in Manning on Friday of this week. He is going there because of the severe criticisms which have been made of him by Senator Appelt in the Manning Times from time to time during the past few months.

But apart from this the politicians are on the anxious bench. They seem to regard this coming speech as the first gun of the campaign which is to be held this summer.

We do not believe Senator Tillman is going to have much to do with the campaign this summer. The people are able to take care of themselves and do their own thinking and voting and will do so after seeing and hearing the candidates. They are free and will not submit to dictation from any one and we do not think Senator Tillman will undertake to tell them what to do or how to vote further than to give expression to his views as he may have occasion from time to time to do.

In the matter of the Manning speech we suspect Mr. Appelt will be able to take care of himself.

T. J. W. in his letter in this issue reviews some of the legislation of the recent legislature. He is correct on the road working proposition, only he should go a little further and advocate a special tax and an issue of bonds if necessary and then give out the contract. We have been advocating this plan for a long time. The contract system is the only way to secure good roads. In addition to this the chain-gang and the convicts should be put on permanent road building. There is no investment that will pay so well as that invested in good roads. There is nothing we need so much as good roads.

What is said about a Confederate home may be true, that is, we mean to say, the old veterans might vote against such a proposition and yet it should be remembered that the bill which was introduced in the last legislature was prepared under the supervision of a committee appointed by the Confederate Veterans' Association of this State. For our part we agree with T. J. W. that very few of the old veterans would take advantage of a home if it were built and it would be very expensive to keep it going.

The Abbeville Press and Banner thinks we have monuments enough and does not look with favor on the proposition to erect a monument to General Hampton. It seems, however, that the work is going right along and we have no doubt the money will be raised and the monument erected. We would hate to see the day come when our people would not have a regard for the history their ancestors have made and a proper regard for the great men who have passed from the stage of active life and when they would not show some evidence and appreciation of the great men of the State. We can do this and still take care of the living.

An important educational meeting will be held in Athens, Ga., on April 24-27 inclusive. It is the fifth annual conference for education in the South. There will be a gathering of distinguished educators in attendance from all parts of the South and many from the North. All persons who are interested in the educational advancement of the South are invited to attend. President Geo. B. Cromer, of Newberry College, will attend the conference.

Pythian Paragraphs.

To-night's regular meeting of Newberry Lodge No. 75. Visiting brethren are cordially invited to attend.

We are informed that two gentlemen desire to know the Pythian Lesson of friendship. It will be given them in amplified form and those who fail to attend will miss an interesting meeting. Remember the hour 8 o'clock and be present at roll call as Chancellor Blackwelder's motto is open on time, dispatch business, and close.

Have you seen the M. of F. it may be that he is expecting a call from you to-day.

How about that neighbor of yours, would he make a good Knight?

Bro. C. T. Wyche of Prosperity was in the city yesterday. Knights G. B. Cromer and E. H. Aull attended the collegiate contest at Greenwood, S. C., last week.

We are glad to welcome knight H. A. Meyers from Charleston to our city. He will make his home with us.

We hear some talk of organizing a Lodge at Chapin, S. C. We wish them success.

Janitor W. S. Mann is receiving the commendation of the membership for keeping the lodge room in nice order, open and ready for members to assemble before the opening hour.

Be prepared to hear something this evening for the good of the Order. A word from you will be appreciated. Your future in the lodge is what you make it, then let it be one of activity.

Pythias.

"I stood in a draught with my coat off and caught this wretched cold," says the sufferer. He need not pay a heavy penalty if he follow his act of folly with an act of wisdom. Soak the feet in hot water with a few teaspoonful of Perry Davis' Pain Killer in it. Take a teaspoonful of Painkiller in hot sweetened water at bed time and be thankful for so simple and speedy a way to break up a cold. There is but one Painkiller, Perry Davis'.

Excelsior Items.

We have had good seasons of rain in this section. Our farmers have been busy planting corn and cotton.

We will have plenty of fruit in this section if not killed out later.

Mrs. Morris, of St. Luke's section, has been spending a few days with her father's family.

Mrs. Nichols is visiting her father's family, Mr. J. I. Sease.

Rev. and Mrs. J. W. Blanton and Willie Blanton and wife, of Prosperity, spent Thursday with Mr. A. A. Nate's family.

I see the candidates are beginning to bloom. Now is the time to put your cards in The Herald and News.

Sorry to see that able divine Dr. T. DeWitt Talmage has passed away. Rev. Talmage was an able speaker and we always enjoyed reading his interesting sermons.

Hon. John J. McMahon, State Superintendent of Education, accompanied by our county superintendent of education, Mr. E. S. Werts, paid our school a pleasant visit on Friday.

We notice quite a number of road workers have paid the \$1 commutation road tax and are now clear of road duty for one year. We think this is a good law and if the money is properly used the roads can be kept in much better condition.

In the death of Gen. Wade Hampton South Carolina has lost a noble leader and a man that was held in high esteem by the people.

Rev. W. A. Lutz delivered one of the most interesting sermons in Grace church at Prosperity on Sunday morning that we have ever had the pleasure of listening to. The speaker gave good advice to parents as to the raising of their children and would that all parents could see it their duty to put such advice into practice. The hope of the country depends upon the boys as we believe the girls will do their duty. Such sermons will do good. Sigma.

KENNERLY-McMASTER.

Marriage of a Popular Couple at Winsboro.

Winsboro, April 20.—By 9 o'clock yesterday morning the A. R. P. church was crowded with friends and relatives who had gathered to witness the marriage of Mr. James Lach Kennerly, of Newberry, and Miss Rachel Buchanan McMaster, of Winsboro. When the strains of the wedding march announced the arrival of the wedding party the ushers, Messrs. I. H. Hunt and E. A. Carlisle, of Newberry, and Messrs. C. A. Stevenson and Geo. R. McMaster, of Winsboro, marched up the aisle. Then came the bride leaning on the arm of her maid of honor, her sister, Miss Alice, and these were met at the altar by the groom, accompanied by his best man, Mr. F. N. Martin, of Newberry. Rev. C. F. McDonald then pronounced them man and wife. The party then left the church, which had been most tastefully decorated for the occasion, for the depot, where amid showers of rice, they took the train for Savannah and other points of interest. The bride wore a beautiful Castor traveling dress. Though she has been absent from Winsboro for several years as a teacher in the Newberry graded schools, her many friends here regret to give her up to another town. The groom is a popular traveling salesman for the Carolina Manufacturing Company of Newberry.—Special to The State.

Be Your Own Doctor.

So Says an Old Dutch Proverb.

A woman is natural to her own doctor, and in cases where the patient is a physician is found less if she is at all familiar with her delicate organism. Unnatural modes of dress, tight lacing and high heeled boots, and the violation of the laws of health are the usual cause of diseases peculiar to women, but there are many other forms of disease to which all women are subject through other causes. The functional disorders of women usually are suppressed menstruation, painful menses, irregularity of the menses, and freckles from abdominal pain, headache, indigestion and nervousness. Price \$1.00 of Druggists.
